

1st Disclaimer

This tool is deliberately aimed at pure chord charts without lyrics.

2nd Disclaimer

Still, you can use a separate page for adding lyrics. (see "lyrics edit")

Ok, but ...

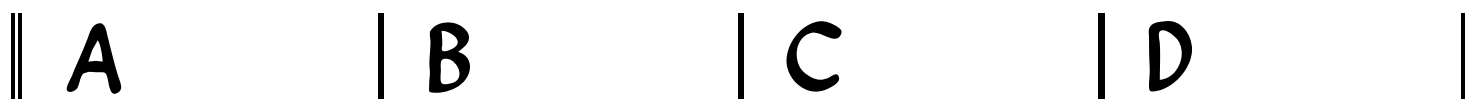

There is a continued demand for adding lyrics alongside the chords.

And yes, there are some ways to achieve this.

Although the following features are not intended for this purpose, they can be used to complement song lyrics.

Ex. 1

use regular text to add a single line

or several lines
with the lyrics

Ex. 2

(ok, this is actually intended for adding lyrics)

Ex. 3

you could use

annotations

per

chord

Ex. 4

or you could use

the three column

text lines feature
